METALLICA

Nate da un'ispirazione "Industriale", le nuove proposte ISABAGNO 2018, riflettono in pieno il nuovo modo di vedere il bagno sempre più protagonista dell'arredo domestico e con forti connotazioni di tendenza.

Lavorazioni e finiture proprie dei metalli vengono integrate nell'ambiente bagno con un design che guarda al moderno senza però dimenticare la grande tradizione Toscana.

Questo è il "leitmotiv" che unisce le tre nuove collezioni e presenta con grande eleganza tre diversi ambienti e stili di vita.

METALLICA

Born by an "Industrial" inspiration, the new proposals ISABAGNO for 2018, reflect in full the new way to propose the bathroom, more and more protagonist of the domestic trend and with strong connotations of design.

Workmanships and finishes proper of the metals are integrated in the bathroom with a design both contemporary and however inspired to the great Tuscany tradition.

This is the "leitmotiv" that connect the three new collections and introduces three different environments and styles of life.

APP 2.0

Design by Centro Ricerche Isabagno

Seconda evoluzione della linea componibile ISABAGNO, che guarda con discrezione alle nuove tendenze con spessori sottili e leggerezza visiva. Evoluzione anche nella tecnologia con l' utilizzo di profili in alluminio sia per il sistema maniglia che per alcune strutture interne del mobile. Molto scenografica la possibilità di personalizzare il bagno con una illuminazione led dedicata.

Second evolution of the modular line from ISABAGNO, with a discrete look at the new tendencies with thin profiles and visual lightness. Evolution also in the technological side with the use of aluminum profile for the handle and for some internal structures. Really amazing the possibility to customize the bathroom with a dedicated furniture lighting.
