*Located in the desert valley of Coachella, a mere 2 hours from Los Angeles, Palm Springs is a mecca of modernist architecture.*

*Es tal la presencia de este tipo de arquitectura, promovida entre otros por el arquitecto Donald Wexler, que hasta se ha identificado una corriente dentro del modernismo para etiquetar el fenómeno Palm Springs. Es lo que se denomina "modernismo desértico" o SoCa Modern (abreviatura de Southern California).*

*This style, promoted by the architect Donald Wexler among others, is so prevalent that a specific current within modernism has been identified with Palm Springs, so-called "Desert Modernism" or "SoCal Modern" (referring to Southern California).*

*Casas de una planta inundadas de luz gracias a enormes ventanales que van del suelo al techo, y que integran los exteriores de las viviendas y sus piscinas en la rutina de la casa. Puertas correderas, techados de acero, minimalismo, geometría y funcionalidad que conviven con colores alegres y vibrantes para hacernos vivir en un eterno verano.*
