

immersersi nel blu silenzio pensare scoprire vivere in un sogno luminoso
plunge into the blue silence think discover living in a luminous dream

Renzo racconta lo spazio attraverso la luce, il mondo intorno a noi luogo principe in cui viviamo, facciamo esperienza del confine delle cose e delle ombre.

La luce è un mondo, una proiezione che si sceglie istintivamente, come esperienza pura.

Ogni racconto di luce è armonia e ritratto serafico delle geometrie di un' stanza, di uno sguardo al di là di un confine.

In questo spazio Renzo ha immaginato di immergersi in uno spazio notturno di luci e silenzio.

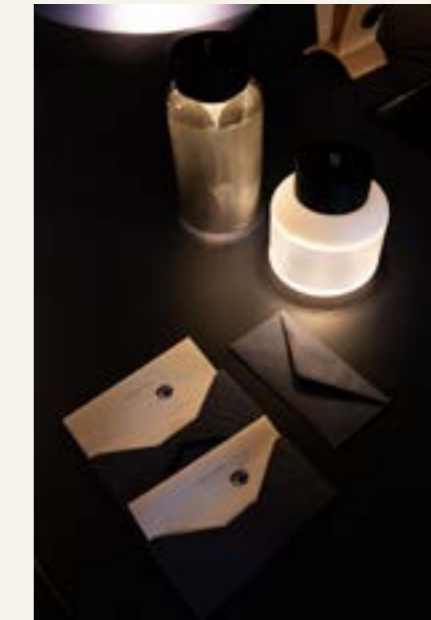

Renzo imagines space through light, the world around us, the real which is our home, we experience the boundary of things and shadows.

Light is a world, a projection that is chosen instinctively, as a pure experience. Each tale of light is harmony and seraphic portrait of the geometry of a room, of a look beyond a boundary.

In this space Renzo imagined immersing himself in a nocturnal space of lights and silence.

PALPEBRA

Corpo in ferro ed alluminio in verniciatura nero opaco, particolari ottone, pulsante soft-touch dimmerabile, lampadine LED incluse per luce indiretta, disponibile con uscita cavo sotto la struttura.

Iron and aluminium, matte black painted, brass details, dimmable soft-touch button, LED lamps included for indirect light, available with cable outgoing under the structure.

50.025
3xGU10 230V 7W
DIM. 2700K 510Lm
IP20 CE ⊕

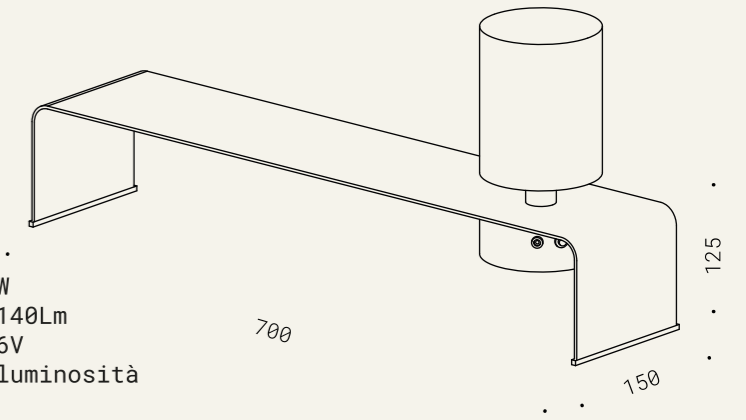

PONTE LUMINOSO

Corpo in ferro nero acidato, particolari in legno di noce, lampada a batteria ricaricabile calamitata con paralume cilindrico in lino bianco caldo (I) oppure con luce indiretta nella parte inferiore (II).

Raw black iron in etched finish, walnut wood details, rechargeable battery lamp with magnetic fixing, available with linen cylindrical lampshade warm white (I) or indirect light under the structure (II).

50.023.A
LED 350mA 1W
DIM. 2700K 140Lm
batteria 3.6V
7H massima luminosità
IP20 CE ⊕

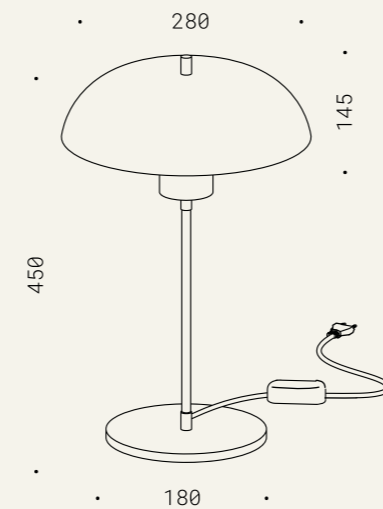

ORBITA

Corpo in ferro ed alluminio in verniciatura, particolari ottone, LED luce calda indiretta, pulsante soft-touch dimmerabile. Disponibile in: nero | bianco caldo | crema.

Iron and aluminium, matte black painted, brass details, indirect LED warm white, dimmable soft-touch button. Available in matte black | warm white | cream.

50.017
modulo LED 700mA 230V 6W
DIM. 2700K 500Lm
IP20 CE □

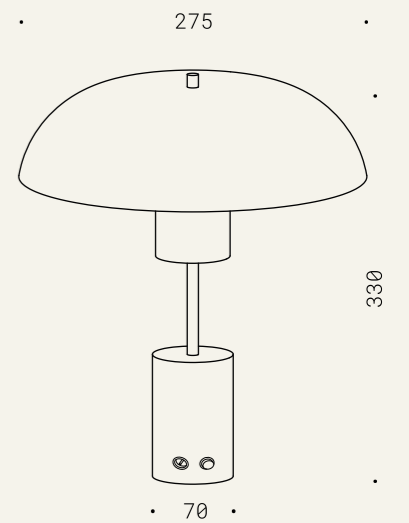

ORBITA BAT

Corpo in ottone naturale, LED dimmerabile luce calda, accensione su cilindro.

Natural brass, dimmable warm white LED, ignition on cylinder.

50.017.B
modulo LED 350mA 3W
DIM. 2700K 300Lm
batteria 5.2V
7H massima luminosità
IP20 CE ⊕

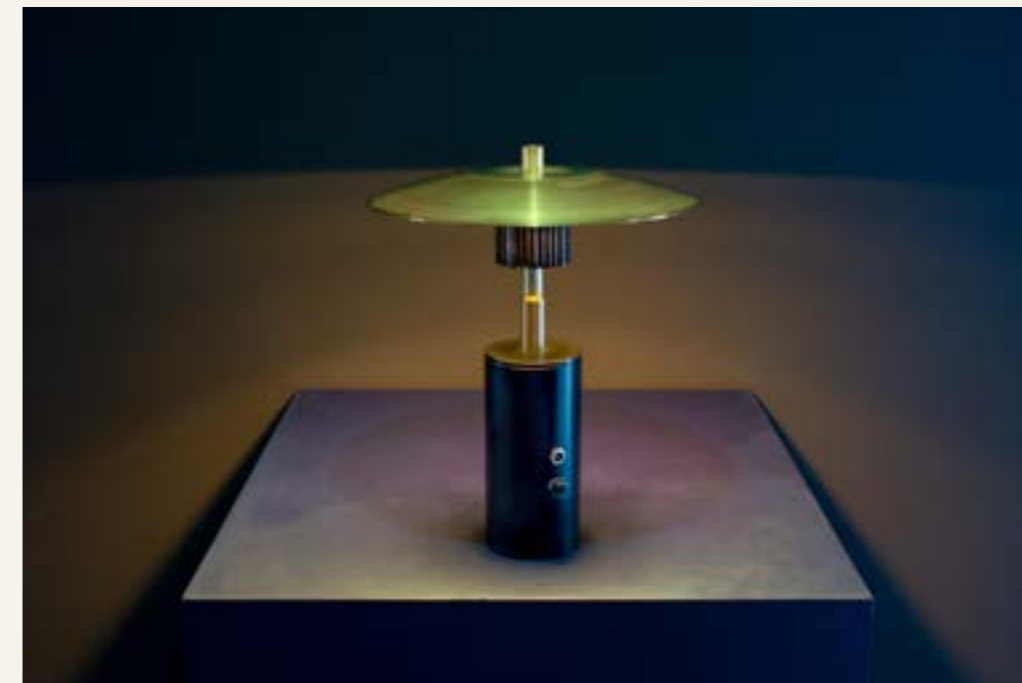

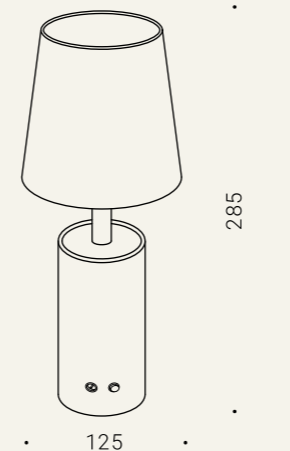

LUCE

Corpo in legno di frassino, particolari ottone, LED dimmerabile luce calda, paralume conico in cotone/lino disponibile in bianco caldo | ecru | marrone | nero.

Ash wood cylinder, brass details, dimmable warm white LED, soft-touch button, cotton/linen conical lampshade available in warm white | ecru | brown | black.

50.026
LED 350mA 1W
DIM. 2700K 140Lm
batteria 3.6V
7H massima luminosità
IP20 CE ⊕

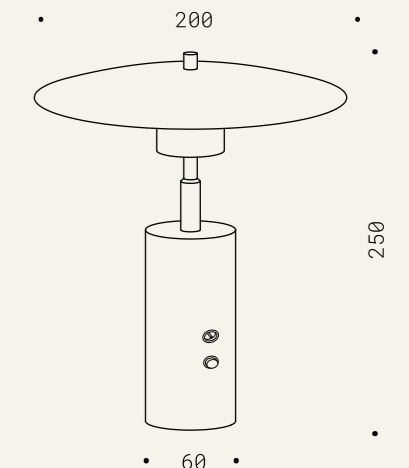

DISCO

Corpo in alluminio in verniciatura nero opaco, piatto in ottone naturale, particolari in ottone, LED dimmerabile luce calda, accensione su cilindro.

Aluminium, matte black painted, round plate in natural brass, dimmable warm white LED, ignition on cylinder.

50.024
modulo LED 350mA 3W
DIM. 2700K 300Lm
batteria 5.2V
7H massima luminosità
IP20 CE ⊕

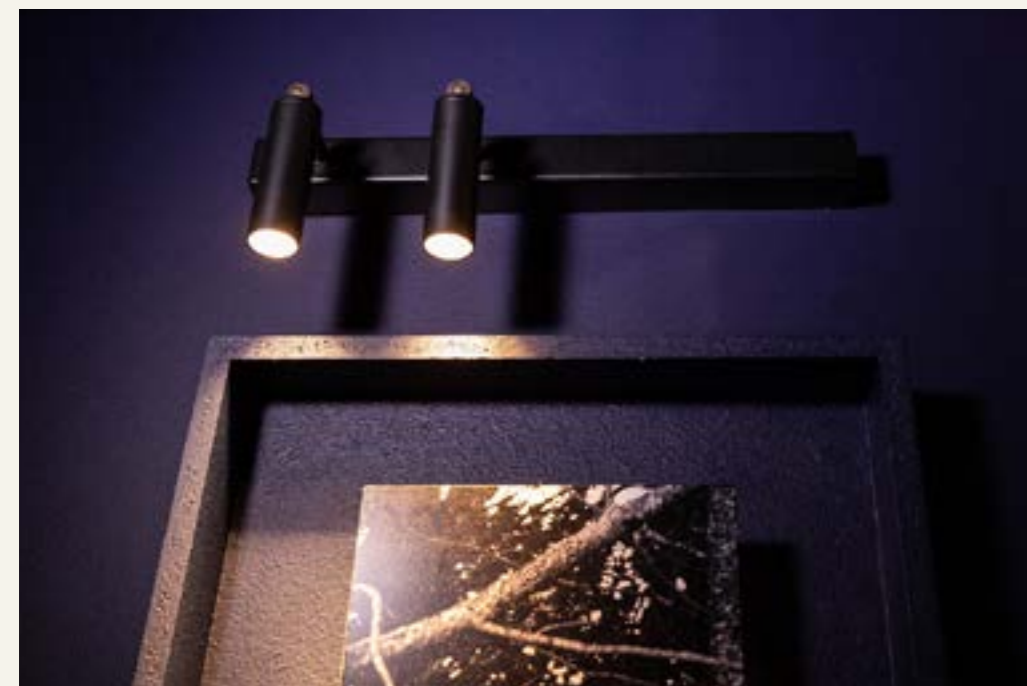

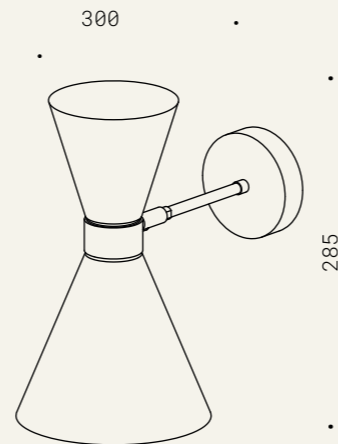

IMBUTO GRANDE

Corpo in alluminio o ottone, doppio cappello orientabile, lampadina non inclusa, disponibile in ottone naturale | ottone brunito | acidatura di alluminio | verniciatura crema. Possibilità di versione biemissione.

Aluminium or brass, adjustable double hat, lamp not included, available in natural brass | burnished brass | etched aluminium | cream painted. Possibility of biemission version.
